

STANDS & TRESTLES

FMT100 TRESTLE

A very substantial trestle for door skinning, panel preparation, painting and fitting. Comes with non-slip foam pads. Sled feet will not drop into grills.

FMT200 BUMPER TRESTLE

A stable design for bumper repairs and spraying. Comes with non-slip foam pads.

FMT207-006

An economy trestle for door skinning, panel preparation, painting and fitting.

FMT1234 Trim & Spoiler Kit

Fast and secure method of holding items to be colour coded.

Comprises of popular thread sizes - male and female.

2 powerful steel clamps.

2 bar lock devices.

FMT1100 Wing Thing

Ideal for plastic wings.

Holds wing against car, saves space.

Ideal for blending to adjacent panels.

FMT1253

Designed to facilitate car panel handling during preparation and spraying processes.

Compact, yet easily handles the largest bonnets, tailgates, doors, wings etc.

Stable base design will not be snared by oven grills.

Full 180° swivel mechanism.

All spares readily available.

Large rubber tyred wheels roll easily over sills, grills and airlines.

Very manoeuvrable.

Guaranteed to accommodate any production car panel.

The fitting kit

FMT1234 (above) may be necessary.

FMT1254 PANEL MASTER

All the attributes of the FMT1253 but with a tandem wheelbase and a longer lasting swivel mechanism. Designed to facilitate car panel handling during preparation and spraying processes.

Compact yet easily handles the largest bonnets, tailgates, doors, wings etc.

Stable base design will not be snared by oven grills.

Full 180° swivel mechanism.

All spares readily available.

Large rubber tyre wheels roll easily over sills, grills and airlines.

Very manoeuvrable.

FMT1254 WITH THE FMT1234 TRIM KIT FITTED

FMT1800 WHEEL MASTER

A very useful wheel painting stand.
Safely accommodates four wheels with
tyres. Adjustable and versatile.

GSBUDGET TURN-TABLE

A custom design robust table which can
take up to 40 Kg, or a 22inch wheel with
tyre. Reinforced bearing ensure long life.

FMT1700 LARGE PANEL STAND

Very stable base.

Suitable for the largest bonnets or
panel van sliding doors.
Now uses the new style rotation plate
