- Supplied ready for use (just add 10% acid catalyst, no need to thin)
- High solids, 46% • Class leading appearance

## Fast Drying Clear Acid Catalyst Lacquer

WZG5410/00 WZG5425/00 WZG5450/00

WZG54 is a range of easy to apply lacquers for home and furniture, joinery and maritime fittings that are high-build and have been developed for use with stains. WZG54 can be supplied in several degrees of sheen, from matt to semi-gloss and can be applied using all industrial methods.

- Available in gloss levels, 10%, 25% & 50%
- Fast drying with high build
- Exceptional smooth finish
- Very user friendly product, long useable pot life
- Enviromentally-preferable compared to our competitors
- Ready to use without thinning
- Compatible with pigment paste (TP2009) to produce colours
- Use with XC1900 colourants for harmonising lacquer
- Market leader in quality and appearance

This addition to our range of two-pack acid-catalysed lacquers, primers, paints and textured paints completes a very comprehensive and competitive product offer.

The mild solvents that we use in this range makes it easy to work with, fast drying and displays a high degree of resistance to everyday chemicals and wear and tear encountered at work and in the home.
